

ARE YOU COMING to Venice by BIKE ? **NO PROBLEMS !!!**

Absolutely NO PROBLEMS to keep/store/lock your BICYCLES on a locked and safe place during your stay at **HOTEL CAPRERA!**

We have to inform that (due to a very stupid and illogical law about bikes in Venice) is **forbidden** to carry your bicycle (hand-carrying as well!) in the city center.

You can come to Venice but the "limit" is at the beginning of "Lista di Spagna" (300 meters from Hotel Caprera) that is in front of Santa Lucia Train Station (see the map below)

So, solutions are quite "easy":

- you can park it on "[Venezia BICI PARK](#)" at Piazzale Roma ([click here for info](#))
- you can reach with your bicycles up to the "**Santa Lucia Train Station**" and from there, where there is the "limit" for hand-carrying your bicycles, you can ask to a **PORTER** (they are authorized people with their own carts) and they can carry your bicycles to the Hotel (located at 300 meters from the limit of Santa Lucia Train Station). Rates are about Euro 5,00/10,00 per "PIECE" but ask them before
- **HOTEL CAPRERA** offer you a **FREE CART AT YOUR DISPOSITION**, so you can temporarily leave someone at Santa Lucia Train Station with bicycles (do NOT leave bikes unattended or locked somewhere because Police will remove it immediately), come here to the Hotel (300 meters from the limit) to take the cart, put everything on the cart and carry all your stuff here without problems
