

SUGGESTIONS for BICYCLE RIDERS arriving at Hotel Caprera

ARE YOU ARRIVING IN Venice by BICYCLE? NO PROBLEMS !!!

Absolutely NO problems to guard/store/lock your BICYCLES on a locked and safe room during your stay at HOTEL CAPRERA!

We inform all our guests that (due to a very stupid in my opinion law about bicycles in Venice) is forbidden to carry your bicycle (hand-carrying as well!) in the city.

So, the solution is quite "easy" and there are few solutions:

1) you can park it on one of the (car) **PARKINGS** at Piazzale Roma or Tronchetto (Bici Parkings). The rates are about 10,00-15,00 Euro per day per bicycle.

2) you can reach with your bicycles up to the "**Santa Lucia Train Station**" and from there, where there is the "limit" for hand-carrying your bicycles, you can ask to a **PORTER** (they are authorized people with their own carts) and they can carry your bicycles to the Hotel (located at 300 meters from the limit of Santa Lucia Train Station).

Usually the prices are about Euro 5,00/10,00 per "PIECE" but ask them before.

3) In ALTERNATIVE, HOTEL CAPRERA has a **CART AT YOUR DISPOSITION** (logically for free), so you can temporarily leave someone at Santa Lucia Train Station with bicycles (do NOT leave bikes unattended or locked somewhere because Police will remove it immediately), come to the Hotel (300 meters from the limit) to take the cart, put everything on the cart and carry your bicycles without problems to here.
